MEMORANDUM FOR THE RECORD

SUBJECT: Film on CORONA

25X1A

1. Mr. Duckett met with [redacted] from the [redacted] office this morning and the undersigned was subsequently asked by Mr. Duckett to join the meeting. Mr. Duckett requested me to see if [redacted] would agree to the use of approximately [redacted] available CORONA funds to make a short movie on the CORONA Program. He suggested I handle this similar to the [redacted] film wherein [redacted] would be told that the decision has been made to go ahead on this with the only question for [redacted] would be whether the NRO will participate and underwrite costs.

2. A telephone call was made to [redacted] whose reaction was negative. [redacted] said a number of people talked about the necessity of keeping and/or improving the historical side and seem to forget the fact that the Quarterly Reports provide an adequate historical summary of each of the programs. [redacted] said he consequently is not interested in putting up [redacted] this.
